

Location:	02763	Distance from London W1 (miles):	5.64
This is a great urban road which can look like a dual carriageway and can be controlled. There is a bridge above that is controllable too. There are speed bumps but a great place to recreate a traffic jam. Also large concrete walls running alongside the road.		Parking:	
		Access:	
		Availability:	
		Power:	
		Noise:
